

# Temporary weekday footpath closure

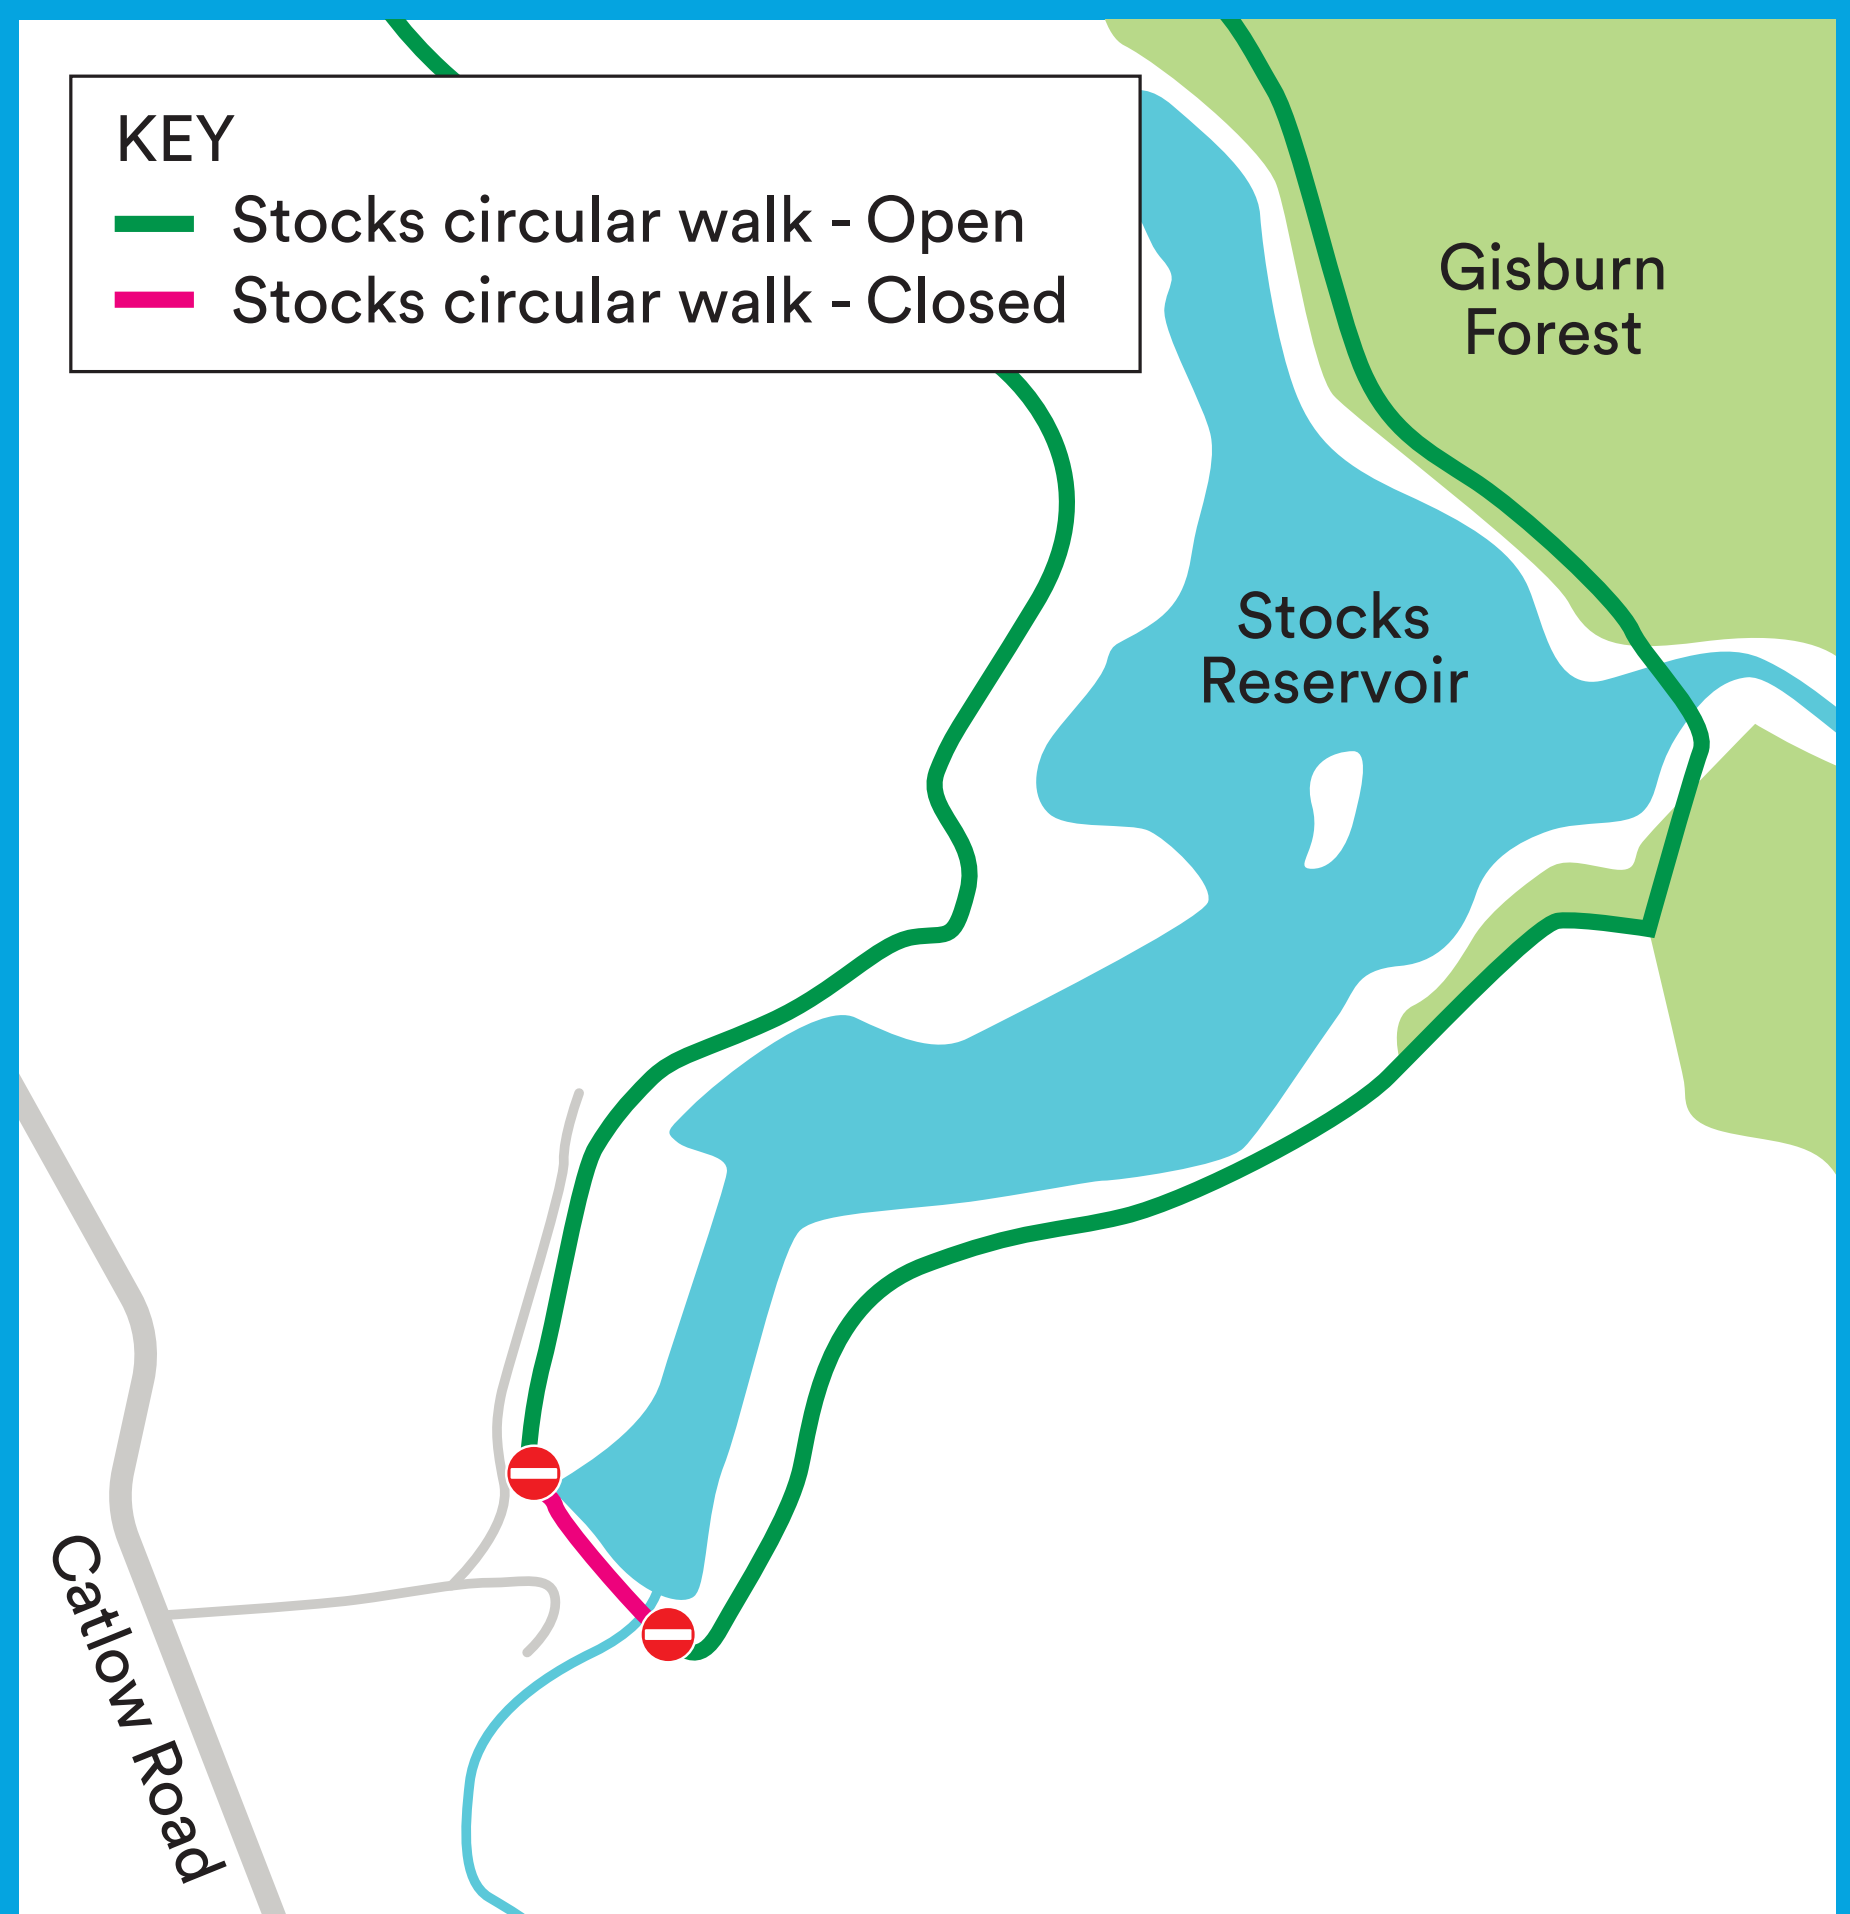

## Stocks Reservoir

**We're carrying out work on the reservoir's overflow channel from Wednesday 8 October 2025.**

To allow the work to be carried out safely, we need to have a temporary footpath closure in place across the dam during weekdays only.

The footpath will be open as normal during weekends and we expect the work to take around five months to complete.

We understand this will be inconvenient and really appreciate your patience and cooperation.
