

## Creativitree # 26

Interview a tree to find out what stories it has to tell. Get a family member to stand behind the tree whilst you stand in front to ask the questions.

Try these questions to get you started:

- How old are you?
- Who are your friends?
- What big events have you seen?
- Do you have any children? Where are they now?
- What's your favourite season?

What others can you come up with?
