Refresh your body, mind and spirit with a walk in the forest.

Walk the Fair oak trail ●●●

4 km (2.5 miles)

An easy circular trail, the walk meanders through the forest and opens out into the Fair oak Valley. Here you'll find the magnificent Fair oak Pools, a rich and important habitat that many wildlife species call home. Stop here and try and spot swans, ducks and deer. The walk is unsuitable for those with buggies or wheelchairs due to some stepping stones along the way.
