

Creativitree # 41

Use some unusual materials to create your own cherry tree!

Create your own Miniature Cherry Tree

You'll need:

- Anything that looks like a bare tree (pipe cleaner, cardboard tubes, etc.)
- Glue and glue sticks
- Something for the blossom- pink sequins, tissue paper
- Clay

Steps:

1. Take your cardboard tubes and use them to create your bare tree
2. Use the glue gun to attach the pink sequin or tissue paper blossom to your mini tree
3. Press your completed tree into a small ball of clay to enable it to stand up
