Please help care for the forest by reminding all participants:

- To read our New Forest Code before the visit
- To ensure that reasonable care is taken to prevent disturbance to wild fauna and flora, and to agricultural livestock
- To take your litter home
- That wildfires, campfires and stoves are not used on Forestry England Crown land.
- Participants must follow all signs and stick to the wide, main gravel tracks and not to follow the little pony paths in bird nesting season. These often lead to sensitive wetland habitats and ground nesting bird areas. This will allow the birds to find quieter, less disturbed areas of the forest to breed and rest.
- Assessors, leaders and parents please do not to park in front of gateways on or on grass verges

Privacy information - how we use your personal information

The personal information that you provide on this form is used by Forestry England to manage your activity notification. The information will only be used to ensure you are notified of activities happening in the New Forest which may impact upon your event, and will be done to ensure public safety on Forestry England land.

We will not disclose your personal information to any third parties outside of Forestry England except to help prevent fraud or if required to do so by law.

Forestry England is registered as a data controller under the Data Protection Act 1998 (Registration No: Z6542658). Your personal information will be held securely in the UK and will be held for 5 years.

You have a number of rights in respect of your personal data, including the right to access your personal data by contacting us. If you have a complaint about how your data is being handled or you want to report a data breach then please contact the Forestry Commission's Data Protection Officer.

You may also lodge a complaint with the supervisory authority which is the Information Commissioner's Office: <https://ico.org.uk/>
