

Forestry England

Timber sales

Tender of standing timber & logs

Forestry England woodlands have been certified in accordance with the rules of the Forest Stewardship Council®

Grown in Britain

To be opened on:

forestryengland.uk

FORESTRY ENGLAND NATIONAL TIMBER TENDERS GENERAL CONDITIONS OF SALE

1. The Forestry Commission, acting through Forestry England (hereinafter referred to as Forestry England) Electronic Sales System (e-sales) is the only way of submitting a Tender offer. To register for e-sales please go to the webpage <https://england.etimbersales.net/> or contact Charene Winbow at the address below.

2. All tender offers must be submitted through the e-sales system by 12.30 on 7th November 2019. Tenders cannot be submitted into e-sales after this time. It is the responsibility of the Tenderer to ensure that their tender offers have been submitted before the Tender closes to bids.

Please note checks are made by the Forestry England during the registration process and you should allow plenty of time for these checks to be made.

3. The sale of the Lots offered at this tender is subject to the conditions in this tender catalogue and the Lots sold will be the subject of a separate Standard Contract and Conditions of Sale, specimens of which may be obtained from the Operations Team at the address below, and which will be available for scrutiny at Forest District Offices listed on Pages 5.

Forestry England
620 Bristol Business Park
Coldharbour Lane
Bristol
BS16 1EJ Telephone: Bristol 0300 067 4130

4. The Tenderer shall be deemed to have acquainted themselves with the terms and conditions of the sale before making their offer. It should be noted that the amount offered is to be shown as either a lump sum, a price per m³ underbark or a price per tonne, whichever is applicable as detailed on the Tender schedule. Successful purchasers will be responsible for payment of any weighbridge fees concerned.

5. All bids shall be exclusive of Value Added Tax, which shall be added to the purchase price of each Lot at the appropriate rate.

6. The description of the trees in the Sale Catalogue is believed to be accurate but is not guaranteed. In all other respects the Tenderer is held as satisfying themselves as to the description of the Sale Lots.

7. No Lot carries entitlement to the offer of continuity of supplies of timber outside the Terms and Conditions of the Contract.

8. The Seller reserves the right to withdraw Lots at any time.

9. The operative dates and instalment dates of Standing Sales Agreements are as stated. The dates of commencement and of completion of contracts for forest products at roadside will be as indicated against each Lot in the catalogue.

10. Where a Purchaser buys more than one Lot the Purchaser or the Seller may request that the timing of the commencement and completion of one or more of the contracts be rescheduled. This will be at the sole discretion of the Seller but agreement will not be unreasonably withheld.

11. Payment conditions are as stated in the Sale Contract referred to in 3 above. The Purchaser's attention is drawn to the clause in the specimen contracts which describes the normal terms of trading. Application of these terms, which is at the sole discretion of the Seller, is subject to establishment of satisfactory credit-worthiness.

12. The Seller's normal terms of payment for credit sales of forest products at roadside are that 'payment shall be made not later than the end of the calendar month following the month of despatch', but also see Clause 11 above.
13. A deposit, in accordance with Section 8 of the Standard Contract referred to in 3 above, will be charged on all environmentally-sensitive sites as denoted in the tender catalogue.
14. Arrangements to inspect the Lots should be made direct with the Forest District concerned. Contact details and addresses are given on page 7 below. Purchasers will be deemed to have acquainted themselves with arrangements for access, special conditions and constraints, if any, in respect of each Lot prior to tendering, details of which are available from the Forest District staff. Purchasers will be bound by these special conditions.
15. There is a presumption that the contracts will commence on the dates stated and Time will be the of essence.
16. Where a Purchaser buys a number of Lots, the Seller may amalgamate them into as few contracts as is appropriate in order to reduce transaction costs.
17. An agreed weight/volume conversion factor based upon sample loads will be applied to weighed loads. Purchasers will be responsible for payment of the weighbridge fees concerned.
18. Cross-cutting Charge – Sawlogs are offered as random lengths within the range specified against each Lot in the catalogue. A charge may be made to recover the additional costs incurred in meeting purchasers' requests for cutting to their specified lengths, as explained in the Forestry Commission publication 'Classification and Presentation of Softwood Sawlogs'.

**19. Standing Sales with Reserved Timber Element (RTE)
These conditions apply to Lot 1.18- 1.19 Yorkshire Forest District**

The Seller offers the above Lots on a price per tonne basis with the retention of ownership of a quantity of timber to the specification as detailed in the Contract schedule, delivered to and stacked at specified / agreed points at forest roadside. The quantity thus retained is detailed under the lot description in the catalogue.

Example of Sales with Reserved Timber Element (RTE):

Lot X is a 4500t standing sale with 500t of timber reserved.

Purchaser is actually buying 4000t of the total quantity on site, yet the price per tonne for that timber will include the harvesting and extraction to roadside of the 500t of reserved timber.

N.B. A single price per tonne is required for the Lot.

Tenderers for these lots are advised to contact the Operations Manager at Yorkshire FD (contact details on page 4) to discuss the requirements and to see a worked example before bidding.

20. If Tenderers do not wish to purchase more than a given quantity then that quantity should be specified as a condition to the offer made by stating their overall 'volume limit' in the box provided on eSales, however, please note that Lots will not be split. The selection of Lots to be sold to the Purchaser within the stated quantity will be at the discretion of the Seller.
21. The Seller shall not be bound to accept the highest or any tender offer, and shall be entitled to accept a tender offer as a whole or only in respect of one Lot or a number of Lots within the tender offer
22. All timber on offer in this sale is covered by the certification code **SGS-FM/COC-010297** issued under the QUALIFOR Programme by SGS Qualifor.

BIOSECURITY

Following significant outbreaks of tree diseases including Dothistroma disease of pine (Red Band Needle Blight), Ramorum disease of Larch (Phytophthora), Acute Oak Decline, and Chalara disease of ash, the Forestry Commission has issued biosecurity guidelines to support its Tree Health Strategy. Those working in woodlands can help reduce the inadvertent spread of these and other pests and diseases by practicing biosecurity at all times. Please let us know if you observe any potential symptoms of disease or insect pests whilst visiting our woodlands.

Biosecurity policy and practice guidelines are covered fully on the Forestry Commission web site at <https://www.gov.uk/guidance/prevent-the-introduction-and-spread-of-tree-pests-and-diseases>

In summary we have two biosecurity risk levels – ‘High Risk’ where a controlled pest or disease is known to be present and ‘Low Risk’ for everywhere else. There are no Zero Risk areas. We ask anyone inspecting **any** parcel offered for sale by the Forestry England n to please make themselves familiar with our biosecurity guidelines and observe them.

Low Risk.

- Avoid driving into the woodland at all if possible. Otherwise, please keep road vehicles on metalled, drained roads and knock or brush off any deposits of mud and organic debris around the wheels or bodywork are before leaving any woodland.
- Please brush your footwear clean of soil, mud and organic debris before getting back into a vehicle or leaving the woodland.

High Risk

- We will make it clear if a parcel has a High Biosecurity Risk when we offer it for sale.
 - You must not visit this site without contacting us first. You will then need to abide by the additional control measures that we will stipulate.
-

FORESTRY ENGLAND FOREST DISTRICT CONTACTS

Lot inspection arrangements can be made by contacting the appropriate District staff, as detailed below

North England Forest District

PARTICULARS OF SALE

Standing Sales

Lots 1.01-1.06 and 1.08-1.19 will be sold on a price per tonne basis.
Lot 1.07 will be sold on a lump sum basis.

Where indicated in the Catalogue as "Full Tariff ", marking and measurement have been carried out in accordance with Section 4.2 page 69 of the "Forests Mensuration Handbook" using Tariff Tables. Where indicated in the Catalogue as "Abbreviated Tariff ", marking and measurement have been carried out in accordance with procedures set out Section 4.3 page 88, of the "Forests Mensuration Handbook"

Sawlogs

Lots 2.01-2.03, 2.05, 2.10 and 2.13-2.47 will be sold on a price per tonne basis.
Lots 2.04, 2.06 -2.09 and 2.11- 2.12 will be sold for a price per cubic metre under bark.

The volume of the timber will be calculated from the weights of the loads supplied converted to volume using volume/weight conversion factors obtained from measurements of the volumes of sample loads on a 1 in 5 basis or any other ratio which may be agreed between the purchaser and seller. The volume of sample loads will be obtained by the methods laid down in Part III of Forestry Commission Booklet 39 "Forest Mensuration Handbook".

Forestry Commission

Forestry England is an Executive Agency of the Forestry Commission. It is responsible for the management of the forests and woodlands owned by the nation. Its objectives include the production and supply of timber for the wood using industry, the conservation of wildlife in its forests and the provision of wide ranging recreation opportunities.
