

You are welcome to pick the fruit; we just ask that you only take what you can personally consume. That way other visitors and our resident wildlife can benefit from the fruit too!

But it's not just apples that we have in our orchards – we also grow pears, plums, cherries, cobnuts and walnuts. These are community orchards, managed for the benefit of people and wildlife and their existence helps preserve our nation's fruit growing heritage.

Here at Jeskyns we grow 756 different varieties meaning you could eat a different type of apple every day for over two years!

Discover Jeskyns

Jeskyns has something for everyone and is the perfect place to walk, ride, cycle and play.

Planted in 2006 with over 130,000 trees, wildflower meadows and orchards, this young Community Woodland has become a refuge for both people and wildlife alike. Come and watch it grow!

Forestry England is part of the Forestry Commission, which is celebrating its centenary in 2019. Find out more by visiting forestryengland.uk/100
