Practice your dragon breath

See how hard you can blow!

You will need:

- ☐ A drinking straw
- ☐ Paper
- ☐ Colouring pens or crayons
- ☐ Scissors
- ☐ Sticky tape

1. Cut out a small paper rectangle and decorate one side.
2. Roll it into a tube, a bit wider than your straw, and stick with tape.
3. Fold down one end and stick with tape.
4. Put the paper tube on the end of your straw and blow – see how far it goes!

Spot the odd one out

Circle the one that doesn't belong:

1

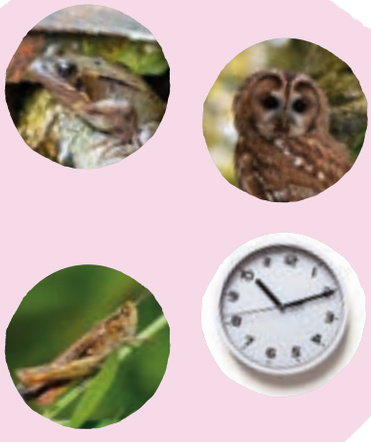

2

3

4

5

Answers:

1. **Whale.** Whales live in the seal
2. **Worm.** Bees, butterflies and dragons can fly.
3. **Plastic bottle.** Tree bark, moss and grass are all natural. Plastic bottles belong in a recycling bin, not in the forest.
4. **Clock ticking.** All the others make sounds heard in nature.
5. **Sunshine.** Snow, ice and frost are cold
